

THE ACCESSIBILITY PLAN

Date Approved by Governors	August 2016
Review Date	August 2019
Coordinator	HT / Site Manager
Principal Signature	Stephen Taylor

At the heart of all policies at The Family School are the following principles:

- Every young person in our school, whatever his or her personal circumstances can learn and achieve.
- Every young person in our school, whatever his or her self-perception and previous experiences, has academic and creative potential to become a valuable member of society.
- The key to learning at The Family School lies within the quality of the relationships between pupils, family members, staff and the intermediate agencies with whom we work.
- The success of our school is based on high expectations, mutual trust, caring for each other and taking responsibility.
- Every young person in our school is capable of becoming an agent for change in his or her local community.

Our vision is to provide our pupils with the confidence, academic progress, and ambition to take the next steps towards a successful and productive life and to be able to contribute positively within their local community and wider society.

ACCESSIBILITY PLAN

This accessibility plan relates to our **temporary** site at Bradley Close. The Family School is due to move to its **permanent** purpose built campus at Rodney Street in September 2018. The new building has been designed to comply with all relevant legislation with regards physical accessibility and the SLT of the school, along with the EFA and the Anna Freud Centre have been a key part of the strategic design team. In the meantime the Governors and the SLT remain committed to improving accessibility at our current location.

1. This Accessibility Plan has been drawn up in consultation with staff, Governors and children of The Family School. It has been drawn up in compliance with current legislation and requirements as specified in Schedule 10, relating to Disability, of the Equality Act 2010. The Equalities Act 2010 replaced previous legislation including the Disability Discrimination Act.
2. We are committed to providing a fully accessible environment which values and includes all pupils, staff, parents, Governors and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.
3. As stated above, The Family School is committed to equal opportunities and inclusion. This Accessibility Plan is not a standalone document but should be considered alongside the following school policy documents:
 - Equality
 - Special Educational Needs
 - Safeguarding
 - Health & Safety
 - Staff related policies
4. The Family School plans, over time, to increase the accessibility of provision for all pupils, staff and visitors to the school. The Accessibility Plan will contain relevant actions to:
 - Improve access to the **physical environment** of the school, adding specialist facilities as necessary. This covers improvements to the physical environment of the school and physical aids to access education.
 - Increase access to the **curriculum** for pupils with a disability, expanding the curriculum as necessary to ensure that pupils with a disability are as, equally, prepared for life as are the able-bodied pupils; (If a school fails to do this they are in breach of the Equality Act 2010). This covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits. It also covers the provision of specialist **aids and equipment**, which may assist these pupils in accessing the curriculum.
 - Improve the delivery of **written information** to pupils, staff, parents and visitors with disabilities. Examples might include handouts, timetables, textbooks and information about the school and school events. The information should be made available in various preferred formats within a reasonable time frame. The Family

School works with specialist services such as the Advisory Teacher for Visual Impairment as appropriate.

5. Attached are Action Plans, relating to these key aspects of accessibility. These plans will be reviewed and adjusted on an annual basis. New Plans will be drawn up as a matter of course every three years. Before that, new plans will be drawn up for our new site for September 2018.
6. We acknowledge that there is a need for ongoing awareness raising and training for staff and governors in the matter of disability discrimination and the need to inform attitudes on this matter.
7. It may not be feasible to undertake some of the works during the life of this first Accessibility Plan and therefore some items will roll forward into subsequent plans. An audit will need to be revisited prior to the end of each first three-year plan period in order to inform the development of the new Plan for the following period. See note relating to new site – 5 above.
8. The Plan will be monitored through the Curriculum and Standards Committee of the Governors.
