

# The Pears Family School

(Keeping a child's mind in mind)

## Special Education Needs Report

Date Approved by Governors	July 2020
Review Date	July 2021
Headteacher	Matthew Hillman
Headteacher Signature	
Named Governor	Neil Dawson
Named Governor Signature	

**At the heart of all policies at the Pears Family School are the following principles:**

- Every young person in our school, whatever his or her personal circumstances can learn and achieve.
- Every young person in our school, whatever his or her self-perception and previous experiences, has academic and creative potential to become a valuable member of society.
- The key to learning at the Pears Family School lies within the quality of the relationships between pupils, family members, staff and the intermediate agencies with whom we work.
- The success of our school is based on high expectations, mutual trust, caring for each other and taking responsibility.
- Every young person in our school is capable of becoming an agent for change in his or her local community.

Our vision is to provide our pupils with the confidence, academic progress, and ambition to take the next steps towards a successful and productive life and to be able to contribute positively within their local community and wider society.

## Introduction

The SEN information report is required by the Children and Families Act 2014. This will be updated annually to reflect changes and plans within the school. The report states the current provision within the Pears Family School. It outlines information regarding the ways in which we provide support for all pupils with Special Educational Needs and Disabilities (SEND). The information required to be included in this SEND Information Report is stated in The Special Educational needs and Disability Regulations 2014 SCHEDULE 1: information to be included in the SEN information report.

Children are identified as having SEND when they have a significantly greater difficulty in learning than the majority of children the same age, or have a disability which prevents or hinders them from making use of education facilities of a kind generally provided for children of the same age in schools within the area of the Local Authority (SEND Regulations 2014)

The Pears Family School is an Alternative Provision Free School. Pupils are referred via a commissioning process, either via a Local Authority or direct from other schools. Pupils in our school are aged between 5 and 14 years old.

<p>What types of SEN do we provide for at The Pears Family School?</p>	<p>Pupils at the Pears School may have a range of difficulties included in one or more of the four main areas of SEND:</p> <ul style="list-style-type: none"><li>● Social, mental and emotional health</li><li>● Communication and interaction</li><li>● Cognition and learning</li><li>● Sensory and/or physical</li></ul>
<p>How do we consult with children with SEN and their parents/carers and involve them in their education and care?</p>	<p>Consultation with pupils, parents/or care-givers is a particular strength of the school. The Pears Family School requires parents/care-givers to participate in the school day/week.</p> <p>Teachers as well as the therapeutic team are able to discuss all aspects of the pupil's targets and progress on a daily / weekly basis.</p> <p>From the point of referral, the Pears Family School will work closely with pupils and their parents/care-givers, and their referring school and commissioner in order to understand and meet their individual needs. This is carried out through a carefully planned programme of meetings, visits to the school and detailed baseline testing.</p> <p>The Pears Family School will offer a unique Parent/Carer Learning Programme &amp; Classroom intervention which aims to achieve detailed consultation.</p> <p>All pupils at the Pears Family School have a detailed learning portfolio drawn up in consultation with them and their parents/care-givers as part of the admission and induction process. This identifies</p>

	<p>targets for change and academic progress which sit alongside targets identified within the statement / EHC plan.</p>
<p>How do we assess and review children's progress towards their outcomes? <i>How do we know if a child needs extra help?</i></p>	<p>Regular reviews of each pupil's learning portfolio take place between pupils, parents/care-givers and staff members. Specific measures, for example questionnaires, for pupils, parents/care-givers and teachers, are used to monitor change and progress.</p> <p>All pupils are in classes of no greater than 8 pupils; teachers and ants use continual assessment both formally and informally in order to monitor each pupil's progress and identify areas of further need as necessary. The high pupil: staff ratio ensures that extra, targeted help can be provided as necessary.</p> <p>Progress against targets are checked via the tracking grid and 'stuck' students quickly identified. In addition, on a weekly basis our LAMBS meetings identified on track / not on track students. LAMBS meetings identify necessary intervention.</p> <p>For children with statements of SEN or EHC Plans we hold regular reviews (via online if not possible in person) with appropriate professionals. We may identify that a pupil should have an EHC Plan applied for during their time with us; this will be done via the pupil's home Local Authority. Parents and pupils will be consulted at all times throughout this process.</p> <p>Each pupil's learning portfolio will identify if additional intervention, for example, Speech &amp; Language support, is needed, and this can be planned via the commissioning body</p>
<p>What is our approach to teaching pupils with SEND?</p>	<ul style="list-style-type: none"> <li>● Working collaboratively with school, parents, care-givers, child and professionals to ensure all relevant information is captured during the induction phase,</li> <li>● Teachers and teaching assistants knowing each pupil individually; their strengths weaknesses,</li> <li>● Professional understanding of the challenges each pupil faces and a creative and empathetic approach to helping them meet those challenges,</li> <li>● Differentiated and multi-sensory curriculum,</li> <li>● Outstanding Teaching and Learning,</li> <li>● Individual support,</li> <li>● Information technology used where appropriate to alleviate barriers to learning,</li> <li>● Willingness to constantly explore and experiment with identified best practice,</li> </ul>

	<ul style="list-style-type: none"> <li>● Psychological and therapeutic involvement for all pupils and their parents/care-givers as and when appropriate,</li> <li>● Collaborative working with other professional and willingness to adopt their recommendations: eg LEGO / sensory therapy,</li> </ul>
<p>How do we adapt the curriculum and learning environment?</p>	<p>Our SENCo and Lead for Curriculum, Teaching, Learning and Assessment work with the teaching team to ensure all long, medium and short term plans demonstrate a differentiated and creative curriculum within which all students can show what they know and can do. Robust assessment of each student ensures that all teachers know individual student starting points. A pupil starting points form the basis of all day to day lesson plans and each pupil will be set lesson by lesson individual task based target appropriate for their ability.</p> <p>Some pupils will benefit from having an adult with them on a 1:1 basis for some or all of the time.</p> <p>For some pupils the learning environment is adapted. For pupils who are very susceptible to being distracted by others or are liable to have challenges regulating their own emotional responses, the opportunity to utilise space outside the classroom, time-out and 1:1 to ensure that interaction within the classroom is managed to facilitate learning – whilst still ensuring that challenging behaviour characteristics are considered within the therapeutic and educational model of the school.</p> <p>For school phobic pupils we are prepared to adapt the location of where learning can take place so that the student can slowly get used to a classroom situation.</p> <p>Appropriate resources will be identified and implemented in order to meet the needs of the pupil.</p> <p>IT is used appropriately where it can help pupils access the curriculum. Google Apps are used to permit students to write and save. Individual laptops are allocated to students. For visually impaired students this facilitates essential resources to be placed on the student’s screen rather than reading off the board.</p> <p>Other typical technology that helps individuals access the curriculum: Left-handed scissors, writing slopes, writing grips, different coloured paper, are used where appropriate.</p>

<p>How do we enable pupils with SEN to engage in activities with other pupils who do not have SEN?</p>	<p>As mentioned in the introduction to this document, all our pupils have been referred to us because they are finding it challenging to make progress in their current school and accordingly we establish individual programs for all our pupils. We have an ethos which recognises that every pupil is working on their own targets and running their own race. In this way both SEN and non-SEN pupils are encouraged to work collaboratively whilst making progress against their own targets. In addition, 1:1 support is available to all our pupils at different times and there is not therefore a divide between SEN with statement / EHC plans and those without. Similarly, additional support, for example S&amp;L support, may be given on a one to one basis out of the classroom at the same time as a non-SEN pupil is withdrawn to work within a family group on aspects of behaviour.</p> <p>Other relevant factors which enable SEN pupils to engage with none-SEN pupils:</p> <ul style="list-style-type: none"> <li>● Good differentiation and appropriate scaffolding</li> <li>● Teaching Assistance support</li> <li>● Peer support</li> <li>● Mixed age and mixed ability classes</li> <li>● All our outside the classroom activities are planned to be accessible to all pupils.</li> </ul>
<p>How do we support pupils moving between different phases of education or in preparing for adulthood?</p>	<p>We aim to enable all pupils to make the transition to either a mainstream school or to another long-term specialist educational provision. This is carried out on a highly individualised basis with careful planning and consultation with pupil/family and receiving school at all stages. This usually involves a gradual integration to the new school and includes visits to and from the new school, with selected lessons and times being considered.</p>
<p>How do we support pupils with SEN to improve their emotional and social development?</p>	<p>Supporting pupils to improve their emotional and social development is central to all our work at the Pears Family School. Our school is small and each child is known individually to all staff. Highly specialised and individualised programmes of support are therefore developed; these are identified in each child's learning journey document.</p> <p>The Parent and Carer Learning Programme offers knowledge, skills and mental health innovation that enables to support pupil wellbeing and resilience. Combined with this programme is the Class based multi-family therapy intervention programme which works with pupils and their parents/care-givers together. These programmes are delivered in close conjunction with staff from The Anna Freud Centre and are drawn from the most up-to-date psychological and</p>

	<p>therapeutic practice. Pupils are actively encouraged to become involved in understanding their own needs and working with all staff to have these needs met.</p> <p>Working in tandem with this therapeutic model is the consistent implementation of our behaviour policy which identifies expectations, rewards and sanctions. The emphasis of our school is reintegration and our view is that pupils need to aspire to the high expectations of a mainstream setting. This is challenging as our pupils come to us with profound emotional and social difficulties. Nevertheless, this twin track approach of outstanding therapeutic and familycare-giver - based intervention aligned with outstanding T&amp;L and high expectations is the driving force behind the school.</p> <p>Specific interventions include:</p> <ul style="list-style-type: none"> <li>● Multi-family groups</li> <li>● Individual Family/care-giver therapy</li> <li>● One to one mentoring, CBT, counselling</li> <li>● IT 'Whats-up' self-analysis program</li> <li>● Family assessment and rapid referral and signposting to CAMHS</li> </ul>
<p>What expertise and training do our staff have to support pupils with SEND?</p>	<p>All staff have clear job descriptions which detail the required qualifications for each post in the school.</p> <p>All staff have received training in systemic practice and have close on-going mentoring with Consultant Family Therapists from Anna Freud Centre. Several of them have, in addition, undertaken further specialised training in SEND in a variety of fields including CBT, ASD, Dyslexia and Family Therapy. Regular ongoing team meetings, case conferences and consultations, both as a team and individually, ensure that staff are highly trained and supported to understand and work with a range of pupils' needs.</p> <p>The co-founders of the Pears Family School who are both Systemic Family Therapy Consultants and Supervisors have set up and worked for over 30 years in a highly specialised mental health and educational context.</p> <p>The co-founding Headteacher is a supervisor on the Educational Mental Health Care Practitioners (EMHCPs) for the Mental Health Support Teams (MHSTs) course at King's College London.</p> <p>The Headteacher specialises in the delivery of CBT as well as having significant experience as a Deputy Head at emotional and behavioural school.</p>

	<p>All teachers and Teaching Assistants at the Pears Family School will have had experience of working with children with SEN. All staff will be supported to develop their interest in this particular area and will be provided with opportunities to do so.</p> <p>We buy into an SLA to provide EP services in addition to that provided by the commissioning boroughs.</p>
<p>How will we secure specialist expertise?</p>	<p>The Pears Family School works hard to foster good relationships with the SEN team of our commissioning LAs. Through these links as well as independently we secure specialist expertise as necessary. This year this has included:</p> <ul style="list-style-type: none"> <li>● Links with specialist services such as Speech and Language/Occupational Therapy Services via our commissioning bodies.</li> <li>● Work with Educational Psychology Service as required</li> <li>● Specialist Therapeutic/psychiatric input from The Anna Freud Centre.</li> <li>● Social Care as appropriate</li> <li>● School Nurse</li> <li>● Sensory Inclusion Team</li> </ul>
<p>How will we secure equipment and facilities to support pupils with SEND?</p>	<p>In addition to those examples mentioned already in this report and those documented in our Accessibility Policy:</p> <p>The Pears Family School have commissioned our own minibuses driven and chaperoned by our own staff, to enable students to attend our school.</p> <p>IT resources to meet the needs of VI students have been secured.</p> <p>We have secured a multi-sensory 'safe-space' to help students in need of de-escalation</p>
<p>How do we involve other organisations in meeting the needs of pupils with SEN and supporting their families?</p>	<p>Our pupils come from a number of different Local Authorities and we can signpost towards a number of services within each of these. For example, referrals can be made to Early Intervention Services in the pupil's local authority, in consultation with parent/care-giver.</p> <p>The Pears Family School has made links with a primary school to develop and expand the Physical Education curriculum for pupils with SEN.</p> <p>The Pears Family School often looks to enrich our curriculum for our pupils by inviting guest speakers into the school.</p>

<p>How do we evaluate the effectiveness of our SEND provision?</p>	<p>Effectiveness of SEND provision is evaluated by the following;</p> <p>Qualitative Data</p> <ul style="list-style-type: none"> <li>● Are they enjoying school?</li> <li>● Do they feel safe and happy?</li> <li>● Do they enjoy learning?</li> </ul> <p>Numerative Data</p> <ul style="list-style-type: none"> <li>● What's their attendance?</li> <li>● NC progress tracking data</li> <li>● Rewards and Sanctions, Exclusions</li> <li>● Behaviour for Learning tracking grids</li> <li>● SDQ</li> </ul> <p>Additional measures include;</p> <ul style="list-style-type: none"> <li>● Questionnaires of families</li> <li>● Discussions with family</li> </ul>
<p>How do we handle complaints from parents of children with SEND about provision made at the school?</p>	<p>Pupils, Parents and/or care-givers are very much part of every aspect of the school. Prior to a complaint being raised at the Pears Family School we would hope that it would be addressed by the Headteacher and/or Chair of the Governing body for the school.</p> <p>Should the complaint be raised, please refer to the Complaints Policy.</p>
<p>What support services are available to parents?</p>	<p>The Parent/Carer Learning Programme and the Class-based Multi-family Intervention Programme</p> <p>Open College Network Accreditation</p>
<p>Where can the LA's local offer be found? How have we contributed to it?</p>	<p>Each of our LAs publish their own local offer on their website. For LAs with whom we have an ongoing contract to provide places each year, we form part of that local offer.</p>
